

INDIVIDUALLY COMBINABLE

Not only cable length and connectivity, but also Smart Attachments can be freely selected. NRGkick Pure offers a wide range of customised combinations - without installation.

Important: NRGkick Pure cannot be connected to a power source without a Smart Attachment.

ADDITIONAL SMART SERVICES

Smart Services can also be ordered in combination with NRGkick Pure. This way, all functions are already activated and ready for use on delivery! Or upgrade your existing charging unit any time:

- » PV-led charging
- » OCPP activation
- » Phase switching
- » Local API

ALL SMART ATTACHMENTS AT A GLANCE

NRGkick Smart Attachments not only offer the option of charging at any socket, but also always charge at the maximum possible speed. Find the right Smart Attachment for you:
